Wheel Of Fortune Instructions

WELCOME TO LIVS WHEEL OF FORTUNE:

Your goal is to guess the word and get the most amount of money in your bank account! Play now!

Instructions:

1. First type in your Name
2. You may then guess or solve the letter until you get the word

Notice:

1. Your balance goes up with every letter you get in the word (the award is multiplied by the amount of time the letter appears in the word ex: a is in the word 2 times, the award is double)
2. You have a list of all the letters you guessed
3. You can see the letters in the word and your balance along with the word at the top

PLEASE TAKE NOTE:

1. There are hundreds of words, so the word may be one you do not know.
2. The code for rotating the wheel is from:
   https://stackoverflow.com/questions/37758061/rotate-a-buffered-image-in-java
3. If you choose to guess a letter:
   a. If you type in a word instead of a letter, it will take the first letter of the word you type in as your guess
   b. If you click x on the tab that appears from guess a letter, a slash will appear on your letters guessed
4. Please type in your "solved" word guess in all lowercase letters
5. If you select a vowel and it is in the word $250 will be taken from your account!
